

ADA Wallet for Salesforce

Web3 Enabler

UI Prototypes - Milestone 1 of Web3 Enabler's Catalyst Fund 13 Proposal
(Project ID: 1300016)

1. Base Application UI Org wallets (company wallets): This plugs into a future ADA for Salesforce (a separate product).

No items to display.

Create Org Wallet, in reality when creating we generate the Seed Phrase for them as the wallet is fully managed in the system and not using an external wallet.

2. Create a Wallet.

The screenshot displays the 'ADA for Salesforce' application interface. At the top, there is a search bar and navigation tabs for 'Org Wallets' and 'Account Wallets'. The main content area shows the details for an 'Org Wallet' named 'ADA1'. The details are organized into two sections: 'Information' and 'System Information'. The 'Information' section includes fields for 'Wallet Name' (ADA1), 'Record Type' (ADA), 'Wallet Address' (a long alphanumeric string), and 'Owner' (User User). The 'System Information' section includes 'Created By' and 'Last Modified By', both attributed to 'User User' on '2/24/2025, 5:40 PM'. At the bottom, there is a section for 'Org eUTXO Addresses (0)' with a 'New' button.

Org eUTXO Addresses (0) New

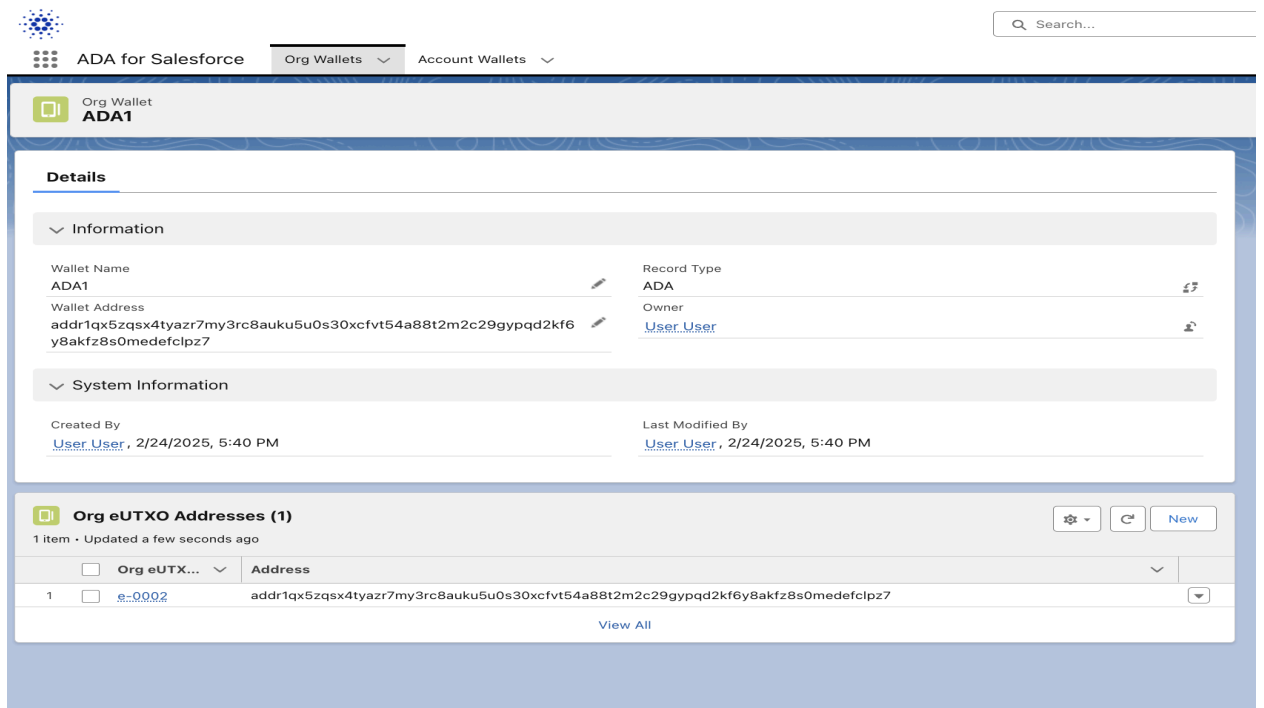

After the wallet is created the Address Will be created and derived from the generated Seed Phrase and Private Keys.

3. View Wallet.

Viewing wallet shows the fully integrated Programmable ADA Wallet in the Org Wallet generated from the Seed Phrase.

4. View eUTXO Addresses (add manually for testing).

View or Create new eUTXO Addresses. They will be automatically derived in the system using the seed phrase for any new transactions.

5. Connect eUTXO Addresses to Accounts (Standard Salesforce Object)

The screenshot shows the 'ADA for Salesforce' interface with a 'New Account eUTXO Address' modal open. The modal is titled 'New Account eUTXO Address' and has a close button (X) in the top right corner. It contains a section labeled 'Information' with a note '* - Required Information'. The form fields are:

- Account eUTXO Address Name:** A text input field.
- * Account Wallet:** A dropdown menu with 'ADA Account Wallet' selected and a clear button (X).
- Address:** A text input field.

At the bottom of the modal are three buttons: 'Cancel', 'Save & New', and 'Save'.

The background interface shows the 'ADA Account Wallet' details and a list of 'Account eUTXO Addresses (0)'.
